Program

PRINCE2® Foundation & Practitioner Certification Training

Overview

In PRINCE2® Foundation & Practitioner training offers participants an in-depth understanding and practical use of the PRINCE2® project management approach certification training course; you'll learn how to tailor projects based on the environment, develop a product-based planning approach for projects, control the use of resources, and effectively manage project risk.

What You Will Learn?

- Understand the need for project management and a project management method.
- Understand the Principles, Themes and Processes used in PRINCE2® and how they are integrated.
- Understand how to practically apply PRINCE2® to projects.
- Prepare for the PRINCE2® Foundation and Practitioner examinations.

Course Key Features

- Practice exams and prep questions
- After-course coaching available
- Exam voucher included

Eligibility

PRINCE2® Foundation and Practitioner certification is designed for Project managers, Project leaders, Project coordinators, Programme and Operations Managers, and technical staff who need to comprehend how PRINCE2® operates.
