CBAP® Exam Prep & Certification Training

Overview

CBAP certification training will assist you in mastering the most advanced business analysis skills, such as advanced documentation, effective planning, and business solution design. The CBAP course helps you pass the IIBA-CBAP exam by teaching you the basic ideas of business analysis and the six knowledge areas of the BABOK® Guide Version 3.

What You Will Learn?

- Business analysis planning and monitoring
- Elicitation and collaboration
- Requirements life cycle management
- Strategy analysis
- Requirements analysis and design definition
- Business intelligence perspective
- Business architecture perspective
- Business process management perspective

Course Key Features

- Aligned to BABOK® Guide Version 3
- CBAP Exam Application Assistance
- Simulation IIBA® exams and `Practice exams
- Case studies and end-of-chapter quizzes
- Obtain 4.5 PMI PDUs

Eligibility

The IIBA® CBAP Training Course is ideal for senior analysts, business analysts with seven to ten years of experience, and project managers.

CBAP® Exam Prep & Certification Training
