Program

Professional Scrum Product Owner (PSPO-I) Certification Training

Overview

Professional Scrum Product Owner (PSPO) is a 14 hours course. It focuses on maximizing the value of the product over writing requirements. PSPO is the cutting-edge course for Product Owners, Agile Product Managers, and anyone responsible for a product's success in the market.

What You Will Learn?

- Have a clear understanding of Product and Product Management
- Have a clear understanding of the mechanics of Scrum
- Know how the Product Owner fits into Scrum
- Product Maturity
- Successfully worked with Scrum Teams and stakeholders
- Effectively managing the Product Backlog and maximizing the value of the Product
- Measuring the value of the Product in the market
- Product adoption in the customer space

Course Key Features

- Earn 16 PDUs and 16 SEUs
- 100% assurance to pass the exam
- 1:1 coaching with our coaches after training on a need basis
- Interactive Training with Real-World Simulations & Case Studies

Eligibility

The Professional Scrum Product Owner course may be interesting to all those involved in product development upon the Scrum framework. However, it has been specifically conceived for those responsible for products from a business and product management perspective and taking up the accountability of the Product's success. Students should review the PSPO subject areas before the class.
