Program

Microsoft Security, Compliance, and Identity Fundamentals SC-900T00-A Training

Overview

This Microsoft Security, Compliance, and Identity Fundamentals SC-900T00-A training course provides foundational level knowledge on security, compliance, and identity concepts and related cloud-based Microsoft solutions.

What You Will Learn?

- Describe basic concepts of security, compliance, and identity.
- Describe the concepts and capabilities of Microsoft identity and access management solutions.
- Describe the capabilities of Microsoft security solutions.
- Describe the compliance management capabilities in Microsoft.

Course Key Features

- SC-900 Certification Training
- Expert Microsoft instructors will deliver the training
- Accredited SC-900 course material
- SC-900 Training resources provided to learners from Microsoft
- SC-900 course completion certificate provided after the training

Eligibility

The target audience for this course is to get familiar with the foundations of security, compliance, and identity (SCI) for cloud-based services and related Microsoft services. This course's material is in sync with the SC-900 exam's target domain. Candidates should be familiar with Microsoft Azure and Microsoft 365 and understand how these solution areas may be integrated with Microsoft security, compliance, and identity solutions to offer a comprehensive end-to-end solution.
